

New Mexico Game & Fish 2011-12 Outside the COER Landowner List

This listing is provided as a courtesy of the NMDGF. Any arrangements for the authorizations are between the hunter and the property's Authorized Ranch Contact.

For information on how to convert Authorization Information received from the authorized ranch contact to a private land elk license, please see E-PLUS - Hunter Info at www.wildlife.state.nm.us on the Hunting Page under Private Lands. Core Occupied Elk Range (COER) maps can be found on the Hunting Page under Maps.

Items to Note:

* Outside the COER properties are issued as Ranch Only authorizations which are valid ONLY on the private deeded acreage.

* Elk licenses issued in GMU's 46, 54, 55A, 56, 57, 58 are valid on the deeded property for which the authorization was issued and other private lands within the same Unit if the license holder has written permission from the landowner or person in control of the land.

It is important to remember that participation in E-PLUS is voluntary on the part of the landowner. Their experience with elk hunters will directly affect the access to private land that hunters may have in future years.
