

2011- 12 Season

E- PLUS SMALL CONTRIBUTING RANCH (SCR) LANDOWNER LIST

-- The following SCR properties have been issued private land elk authorizations inside the Core Occupied Elk Range (COER) --

PLEASE NOTE:

Some of these ranches received an authorization in their specific GMU while others received authorizations for other GMUs within New Mexico. The first column of the list indicates the GMU for which the authorization is valid for.

This list is provided as a courtesy of the NMDGF and any arrangements for the authorizations are between the hunter and the property's authorized ranch contact. For information on how to convert Authorization Information received from the ranch contact to a private land elk license, please see E-PLUS - Hunter Info at www.wildlife.state.nm.us on the Hunting Page under Private Lands. COER maps can be found on the Hunting Page under Maps.

Items to note:

- ▶ On the annual E-PLUS agreement for the current season, the authorized ranch contact has chosen whether to have their authorizations issued as Ranch Only or Unit Wide and this listing indicates whether the property is unit wide or ranch only.
- ▶ If an SCR has received an authorization **VALID FOR A DIFFERENT HUNT UNIT**, the authorization is automatically issued as unit wide and the hunter is eligible to hunt on public lands and unit-wide ranches within that unit. **For example:** If a GMU 15 property signs the agreement as ranch only but receives a unit wide authorization in GMU 48, the authorization is unit wide in GMU 48, but the property in GMU 15 remains ranch only (and closed to hunting by licensed GMU 15 elk hunters unless written permission is received from the landowner).
- ▶ GMUs 4 and 5A are primarily private land GMUs and **DO NOT** have the Unit Wide option available to them when hunting within that GMU
- ▶ Elk licenses issued in GMUs 4, and 5A are valid only on the deeded property for which the authorization was issued or other private land in that specific GMU if the license holder has written permission from the landowner, or person in control of the land, to hunt the private property.

RO = Ranch Only status. Private land elk hunters are restricted to private deeded acres of the ranch. Public hunters may hunt Ranch Only properties **ONLY** if written permission is obtained from the landowner.

UW = Unit Wide status. Public and private land elk hunters may hunt public lands and all Unit Wide properties in that specific unit without getting written permission.

It is important to remember that participation in E- PLUS and the option to be unit- wide is voluntary on the part of the landowner. Their experience with elk hunters will directly affect the access to private land that hunters may have in future years. As a matter of courtesy, NMDGF encourages all elk hunters to contact the participating unit- wide property's contact person before accessing the property.
